

Financial Strategy Review and Outlook

Basic Policy

Support Mitsui's growth strategy by ensuring liquidity and maintaining financial soundness

- Ensure long-term stable funding and maintain access to financial capital markets
- Maintain liquidity and mitigate refinancing risk
- Fully utilize loans from government financial agencies, project finance
- Exercise efficient cash management and transaction control
(global cash management, in-house banking)

Progress in Financial Strategy

Cash flow focused management; Strengthen financial base

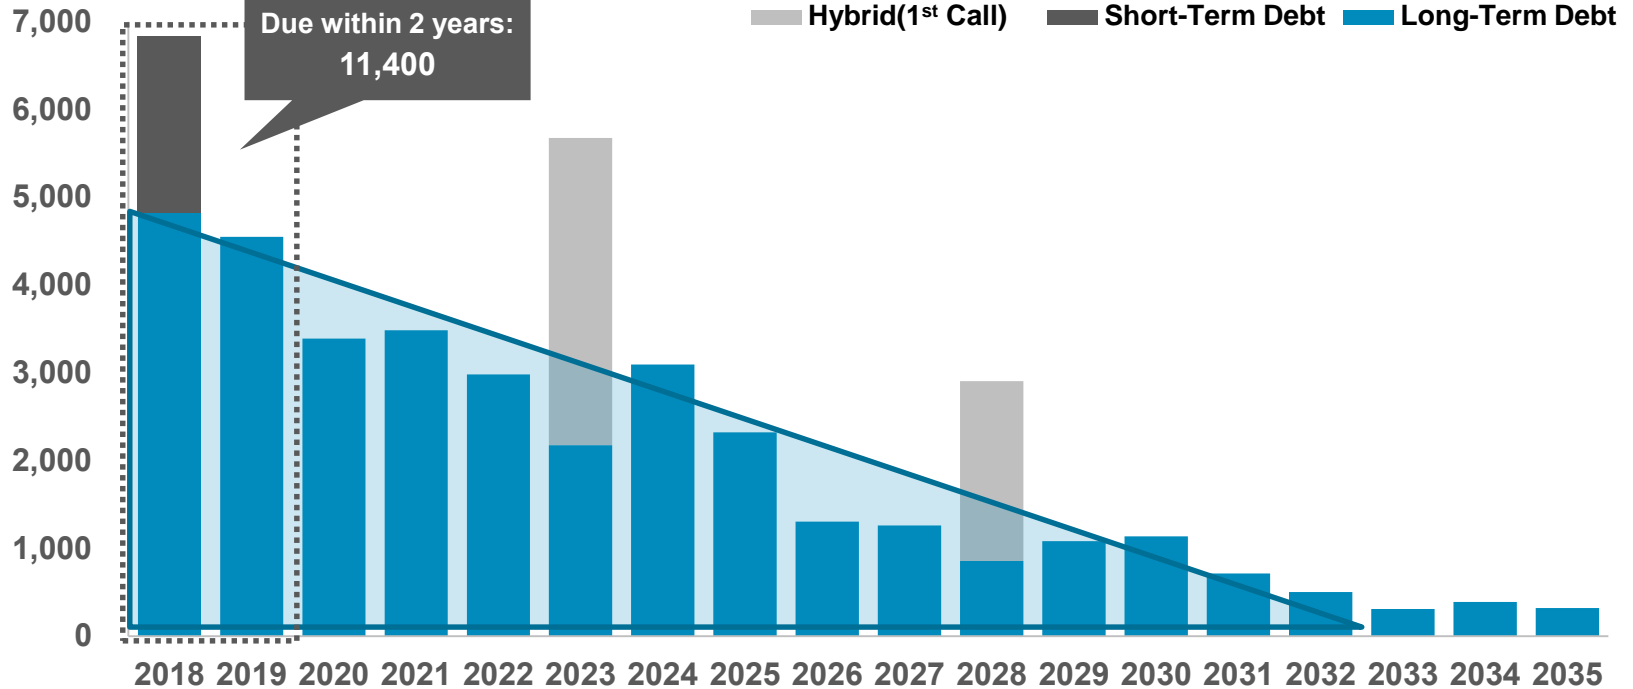

- Introduced cash flow allocation framework from previous medium-term management plan
- Mar/2017: Executed hybrid loans (total ¥555bn, recognized equity content 50%)
- Mar/2017 onwards: Made steady progress in strengthening financial base amid strong earnings
- Mar/2018 year end: Reduced Net DER to 0.78x (lowest ever); Equivalent to 0.66x after adjustment for hybrid loans
- Improved major ratings outlook from Negative to Stable
- Current outlook for shareholder returns in medium-term plan is ¥400bn+, compared with total shareholder returns during period of previous plan of ¥400bn
