FY2021 - FY2023
Progress of Medium-term Business Plan

3 strategies for revenue recovery and regrowth

Real × Digital Strategy

- Department Store: Enhance appeal of stores and use stores for media commerce with focus on genuineness/ essence
- Parco: Rebuild store brand value / seek digital SC platform
- Create/develop new content from CSV perspective

Prime Life Strategy

- Develop new solution services to realize high quality customer experience
- Advance online *gaisho* communication
- Advance CRM strategy at the Group level

Developer Strategy

- Mixed use not limited to commercial use
- Launch circular investment scheme
- Enter into semi-urban areas

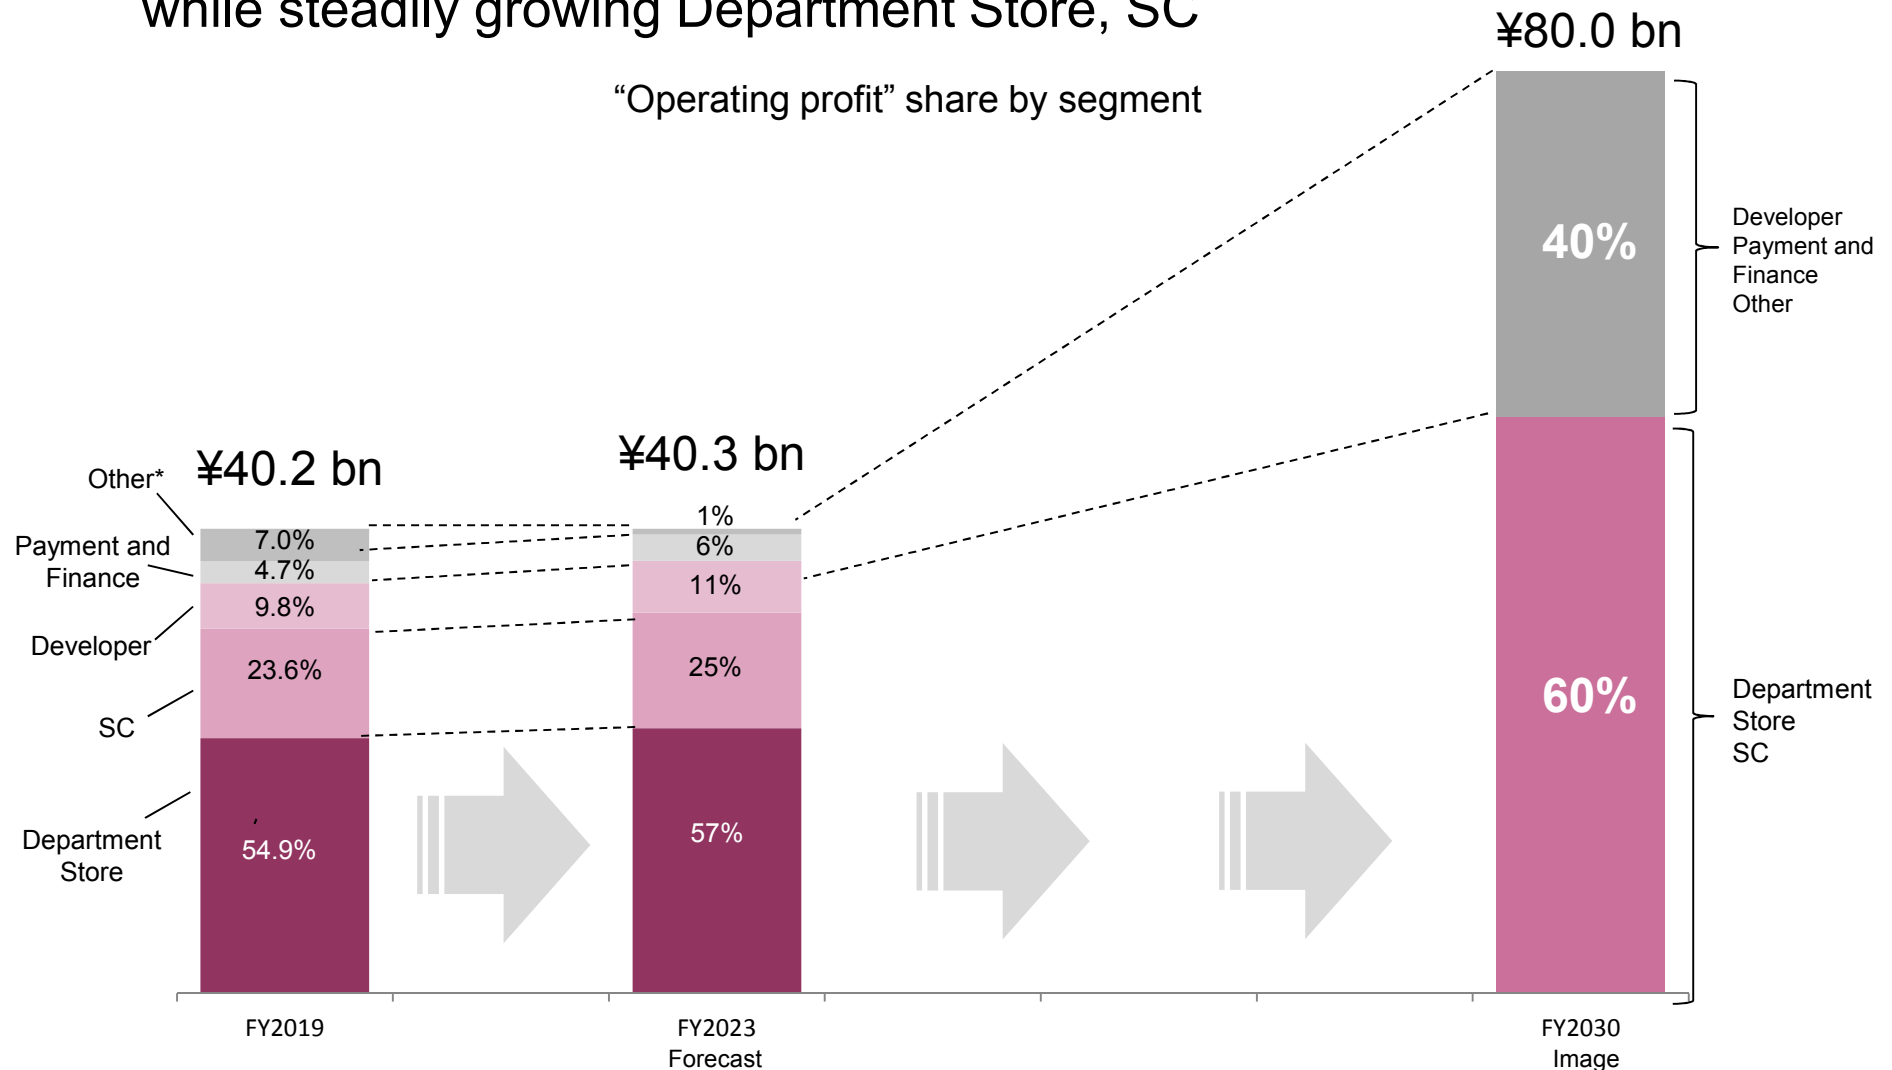

Important measures for full recovery

The Group structure reform

- Reduce costs via business model reform
- Narrow business base

Image of Portfolio Transformation

▶ Expand share of Developer, Payment and Finance, Other while steadily growing Department Store, SC

**“Other” includes consolidation adjustments.

Operating Profit Target by Segment

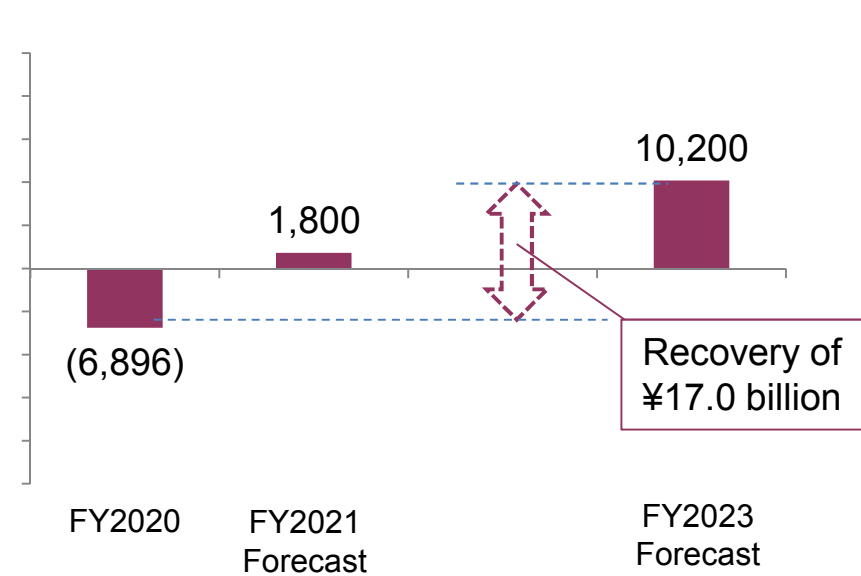

▶ Full recovery of the Group cannot be achieved without recovery of Department Store Business and Parco SC Business

Department Store Business

SC Business

Payment and Finance Business

Developer Business

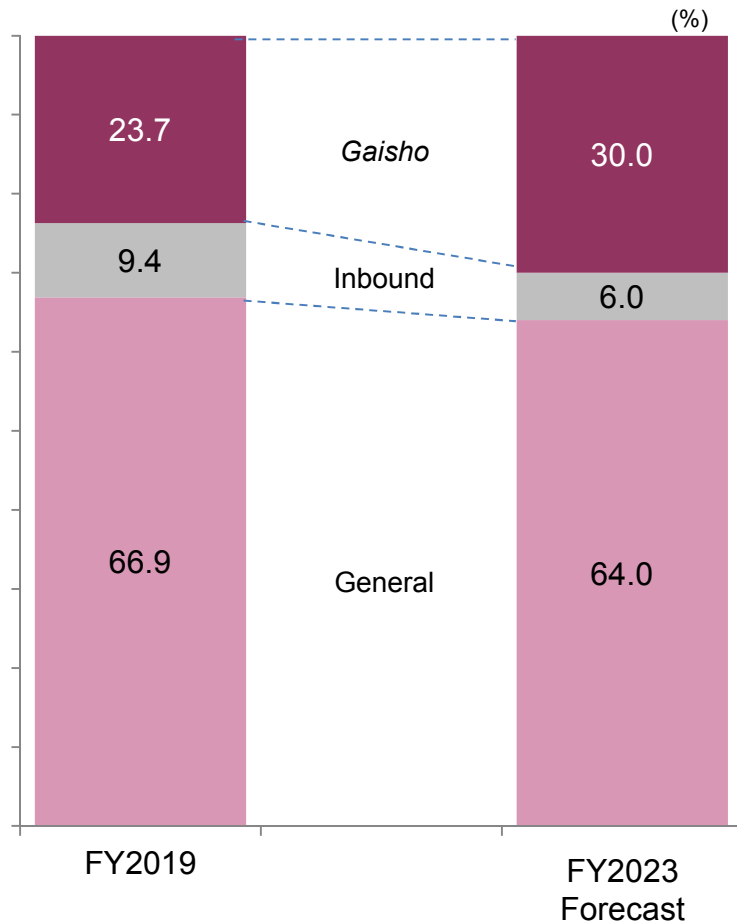

Department Store Business – Response to Changes in Market

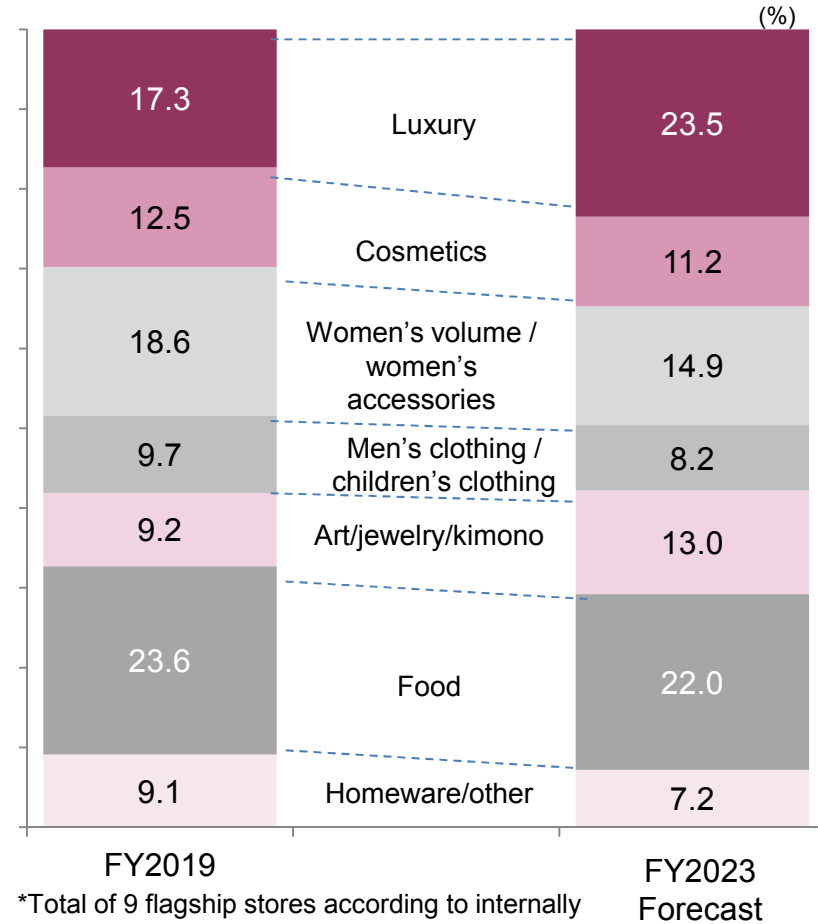

- ▶ “What will recover,” “what will not recover” and “what will further grow” are becoming clear
- ▶ Urgent to respond to segmentalized fashion market while strengthening strong areas

Expected changes in sales composition by customer type

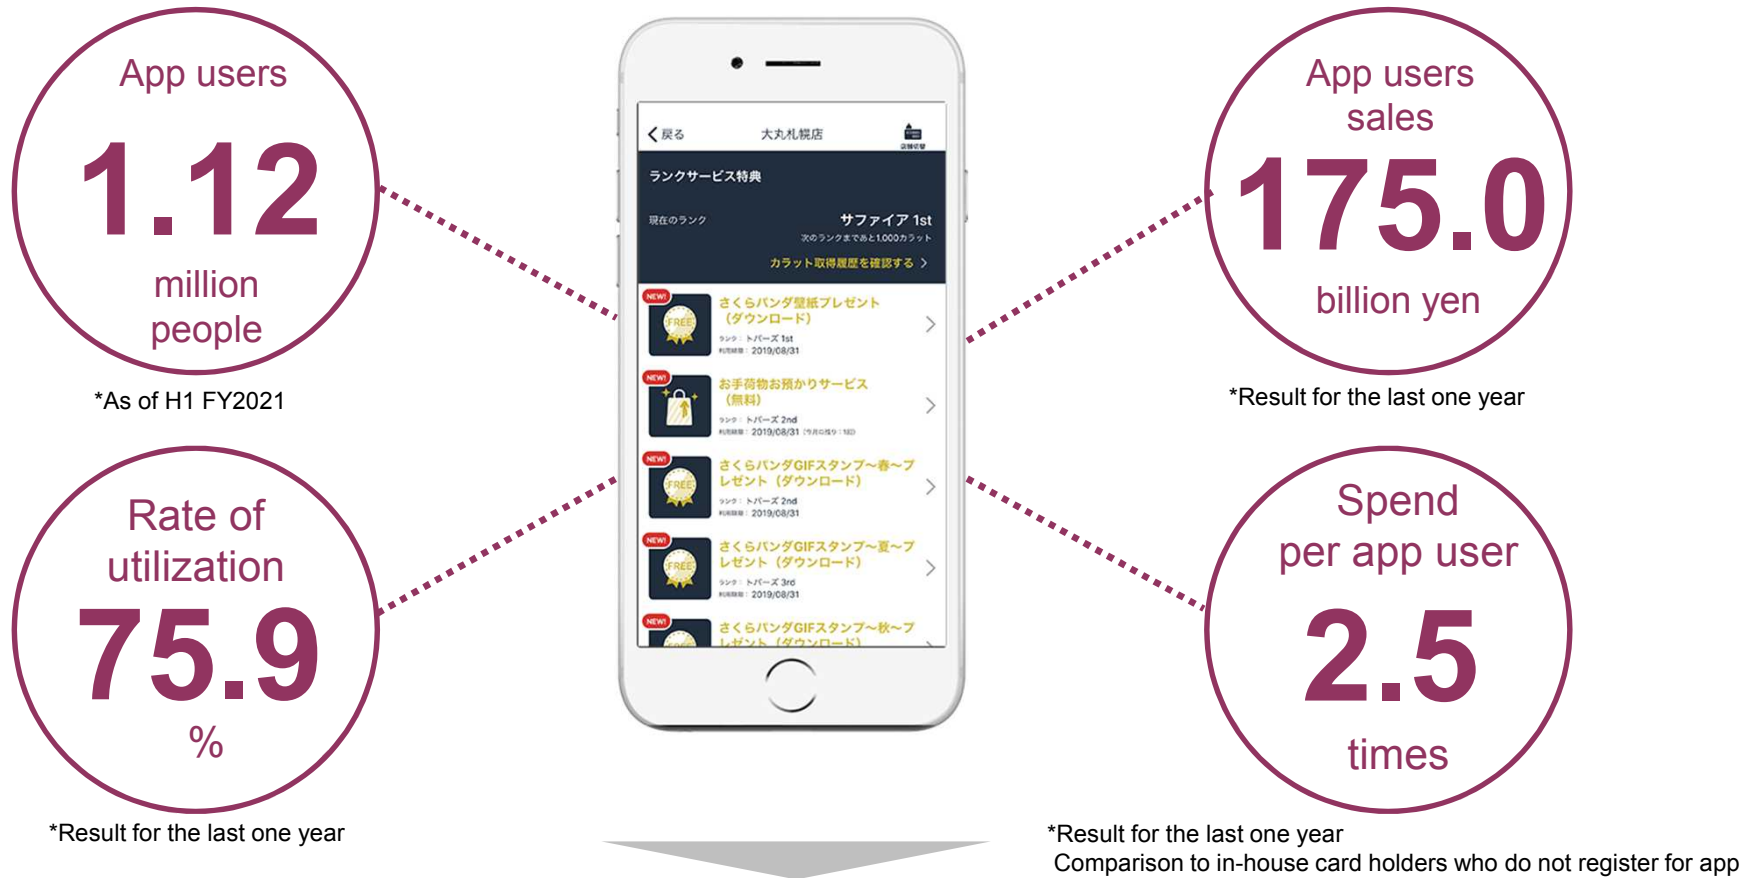

Expected changes in sales composition by merchandise category*

*Total of 9 flagship stores according to internally managed merchandise classification

Digitalization of touch points using app

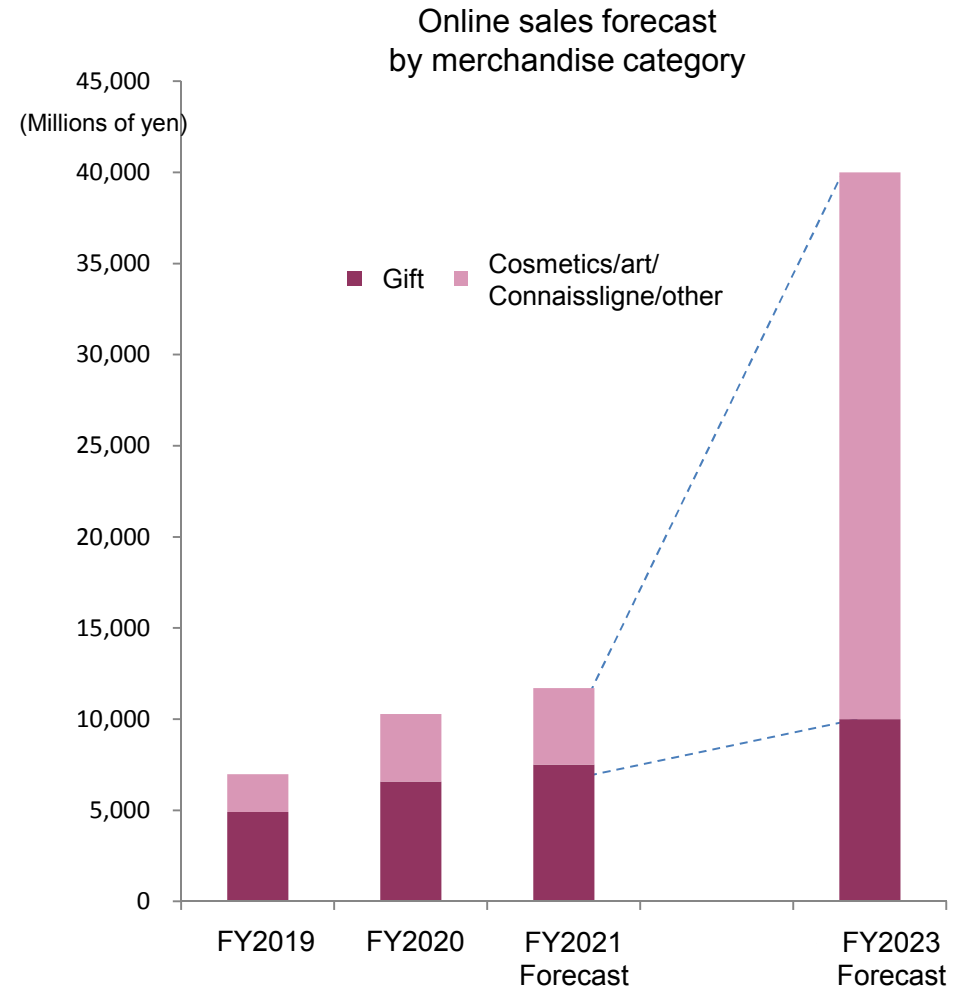

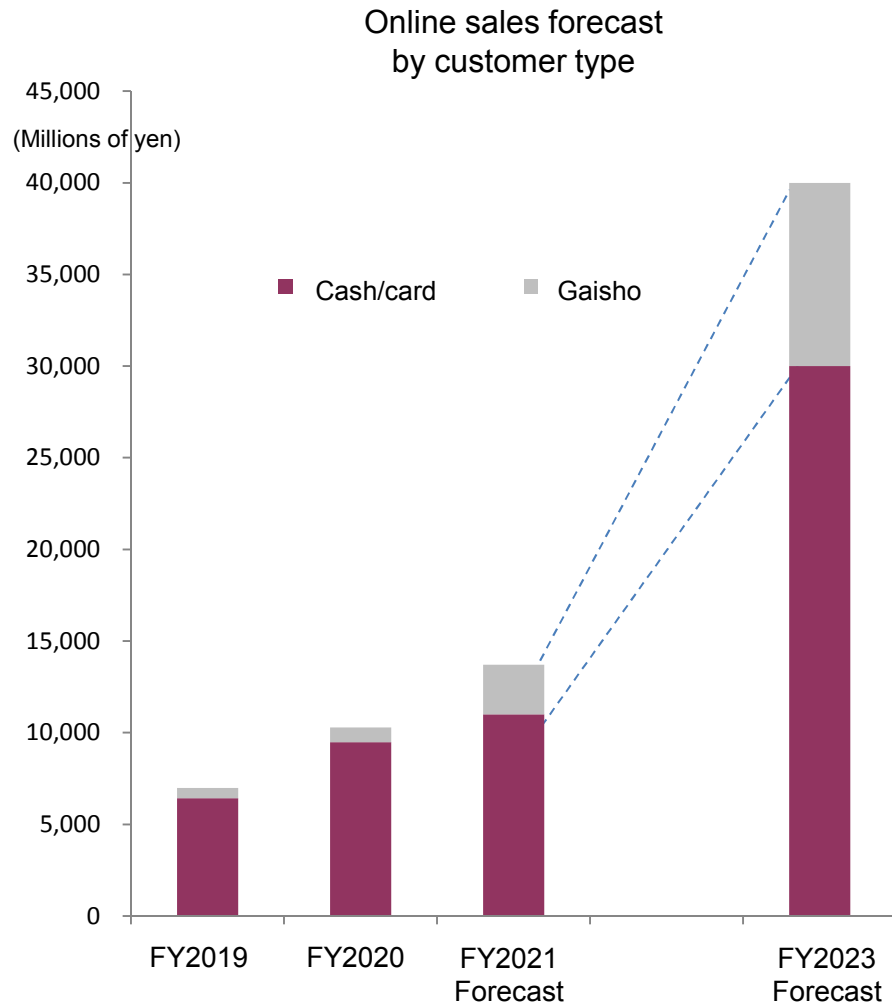

Centralized management of customer information / purchase information through single sign-on and sophistication of CRM

Target number of app users for FY2023: 2.4 million people

Department Store Business – Progress of OMO Initiatives (2)

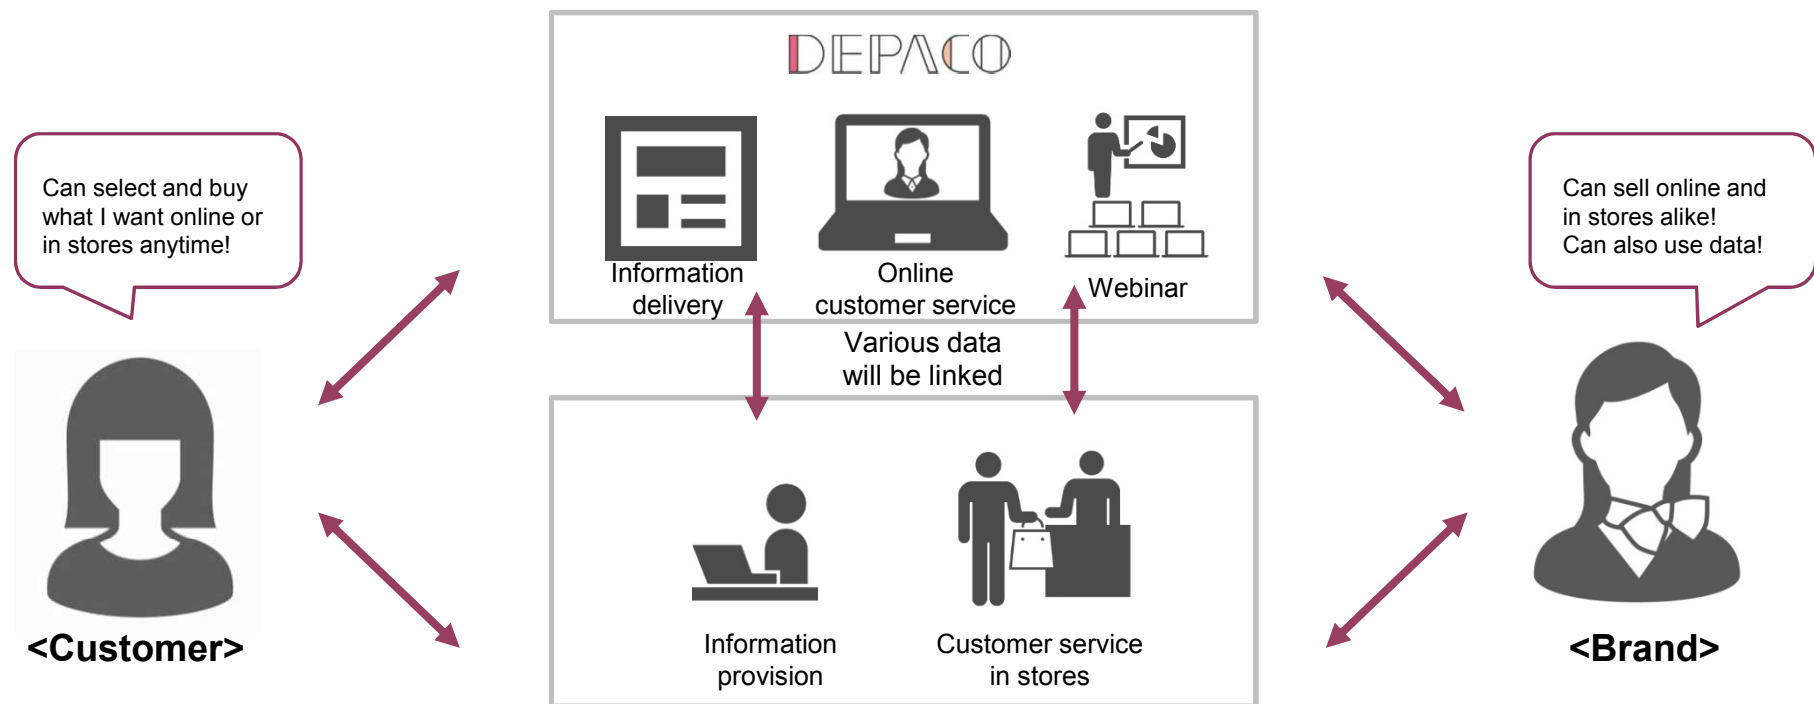

▶ Accelerate digital shift such as OMO (= Online sales target of ¥40.0 billion in medium-term plan)

*Online sales are total sales through online payment for department store website, DEPACO, etc., *gaisho*'s *connaissigne* and live shopping.

Prepare to create OMO shopping sites

- Cosmetics OMO site... Plan to launch in February 2022

Realize our own OMO that expands “human” power using digital technologies

Online sales target for FY2023: ¥5.0 billion

Evolution of *gaisho* online activities

Purchase share of customers in their 20s to 40s
+4.2 pts

connaissligne
Online customer service started in September

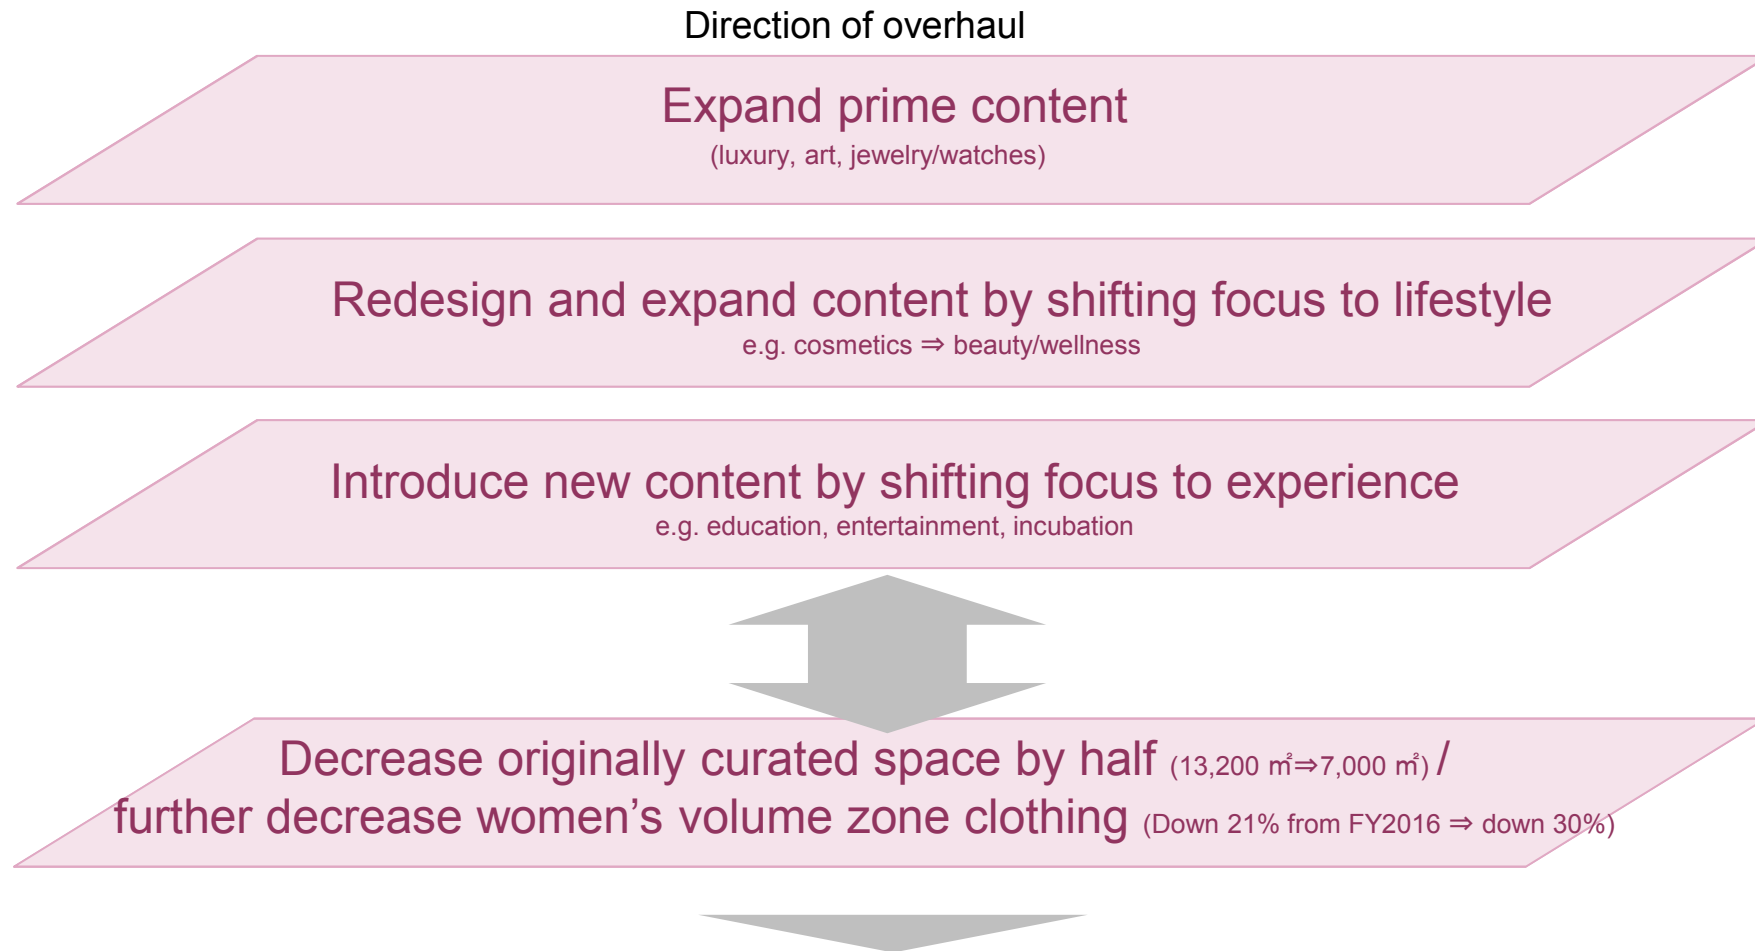

*The figures is as of H1 FY2021.

Further expand prime products, services, experience value

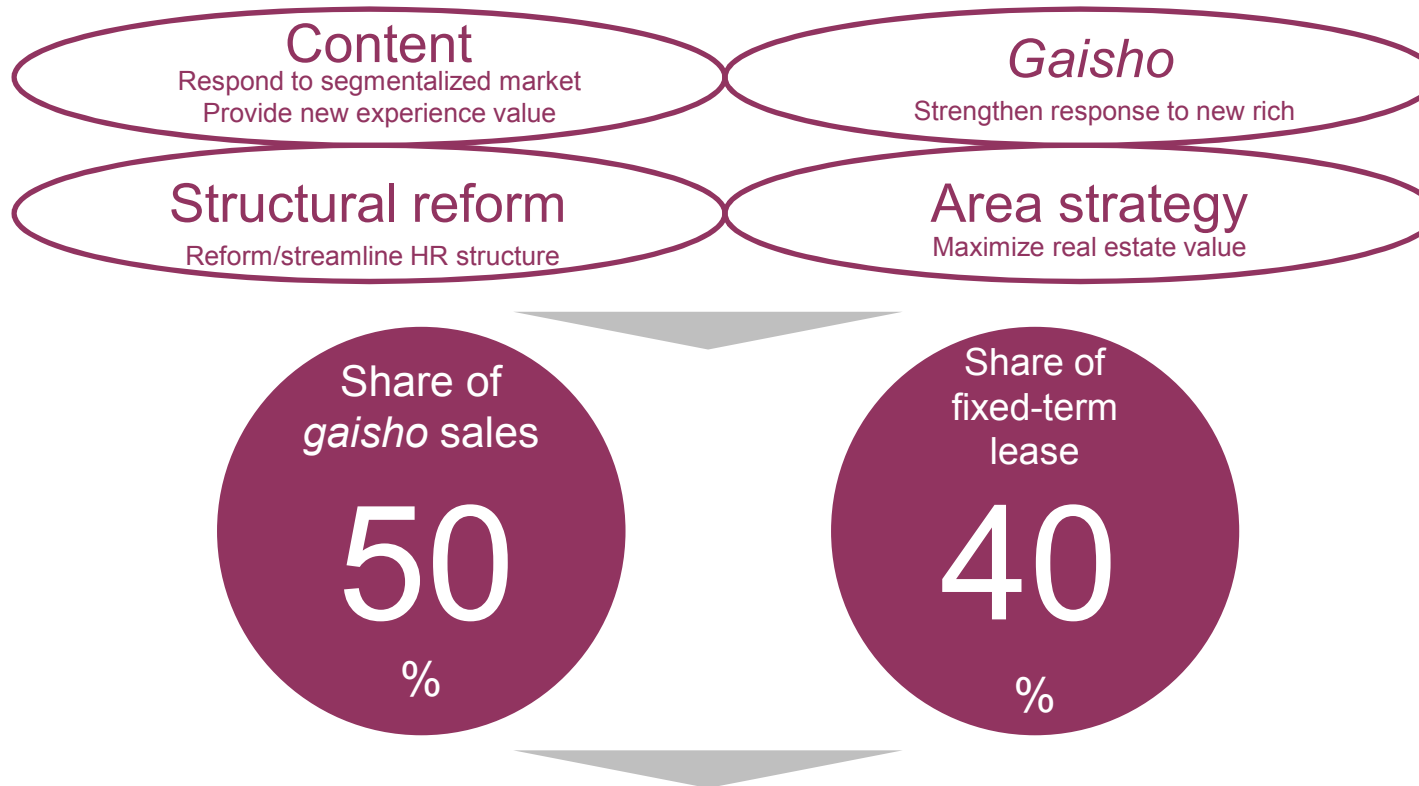

Online sales target for FY2023: ¥10.0 billion

- ▶ Need to drastically overhaul content provided in stores and floor allocation
- ▶ Expand content that adds color to life and creates fulfilling lifestyle

Give priority to expanding content that makes strength stronger

- ▶ Launch business model transformation to “Nagoya-version” department store hybrid one during current Medium-term Business Plan period
 - ✓ Achieve top position of *gaisho* business in terms of assortment, service and space quality
 - ✓ Build highly profitable department store model with optimally balanced mix of *kaitori shiire* and *shoka shiire** and fixed-term lease using advantages of three building structure

Create areas that generate overwhelming value including development of areas around department stores

**Kaitori shiire* means purchase on a no return basis and *shoka shiire* means purchase recorded at the time of sale.

Create new sustainable consumption style

▶ Promote development and expansion of timeless content and digital shift

Plan to open medical wellness mall Welpa in Shinsaibashi PARCO (November)

パルコがはじめる
新しいウェルネス

Welpa

CLINIC, SHOP & SERVICE

2021.11 OPEN @心齋橋PARCO

Broad offering ranging from medical care to product sales and services

Chance to know health care and comfortable environment to experience

Convenience only commercial facilities can provide

UX-based online services that support use of place

Study its results and consider introducing it to other Parco stores and Daimaru/Matsuzakaya stores across Japan

Payment and Finance Business — Build Platform for Growth J. FRONT RETAILING

- ▶ Strengthen product appeal and earning power through renewal of credit cards in January 2021
- ▶ Changed accounting method for annual membership from lump sum reporting to prorating (IFRS) in H2 2020
- ▶ Adjusted operating profit is expected to rise above FY2018 level in FY2021 and reach almost ¥3.0 billion in FY2023

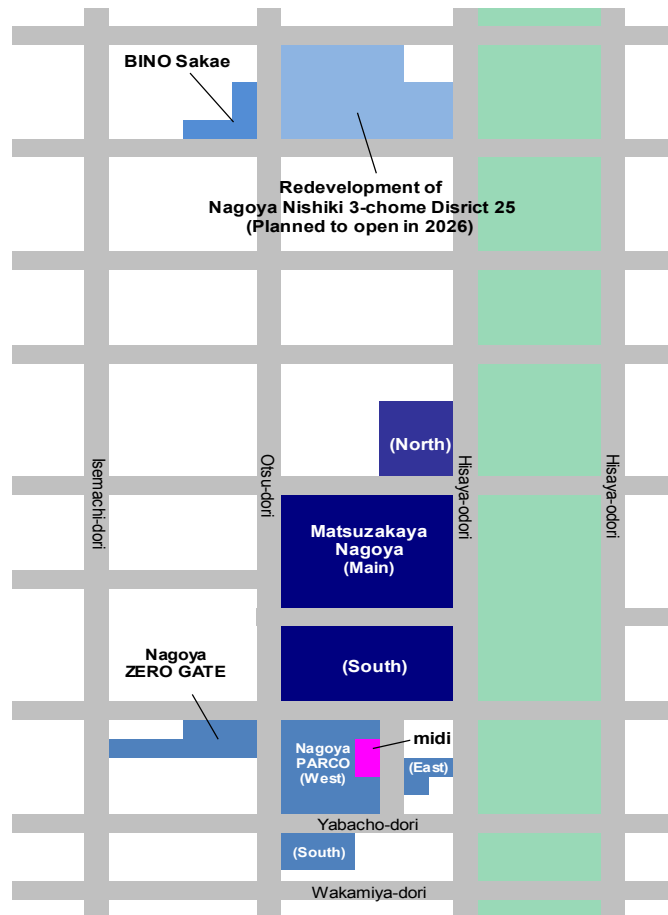

Operating profit of Payment and Finance Business

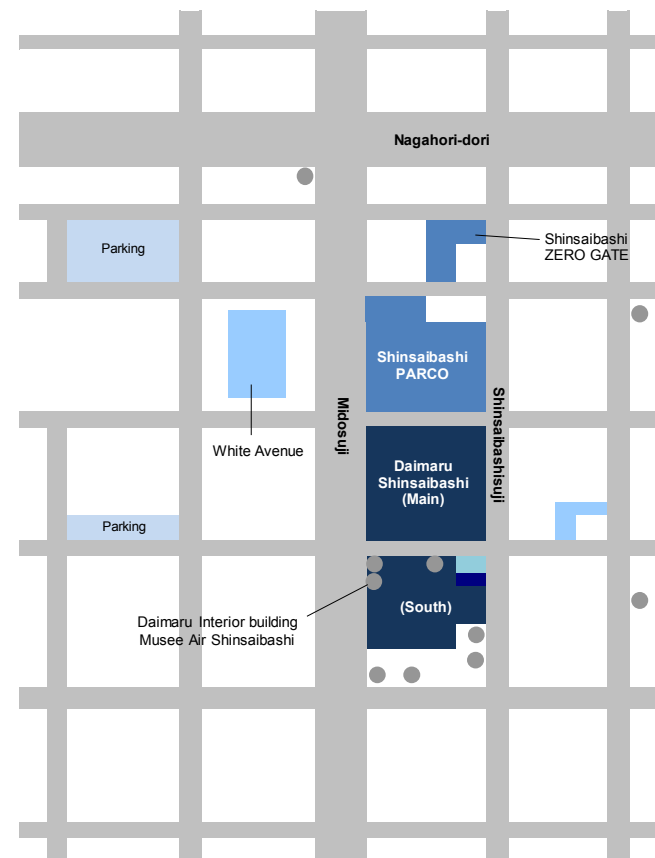

Developer Business — Deep Cultivation of Key Areas

- ▶ Preparations for key development areas that have the key to “regrowth” for FY2024 and beyond are making steady progress
- ▶ Department Store and Parco “jointly” create various attractions to show exclusive strengths

【Nagoya Sakae area】

【Osaka Shinsaibashi area】

Reduction of fixed costs (lowering of break-even point)

Business model reform

HR structure reform

Cost structure reform

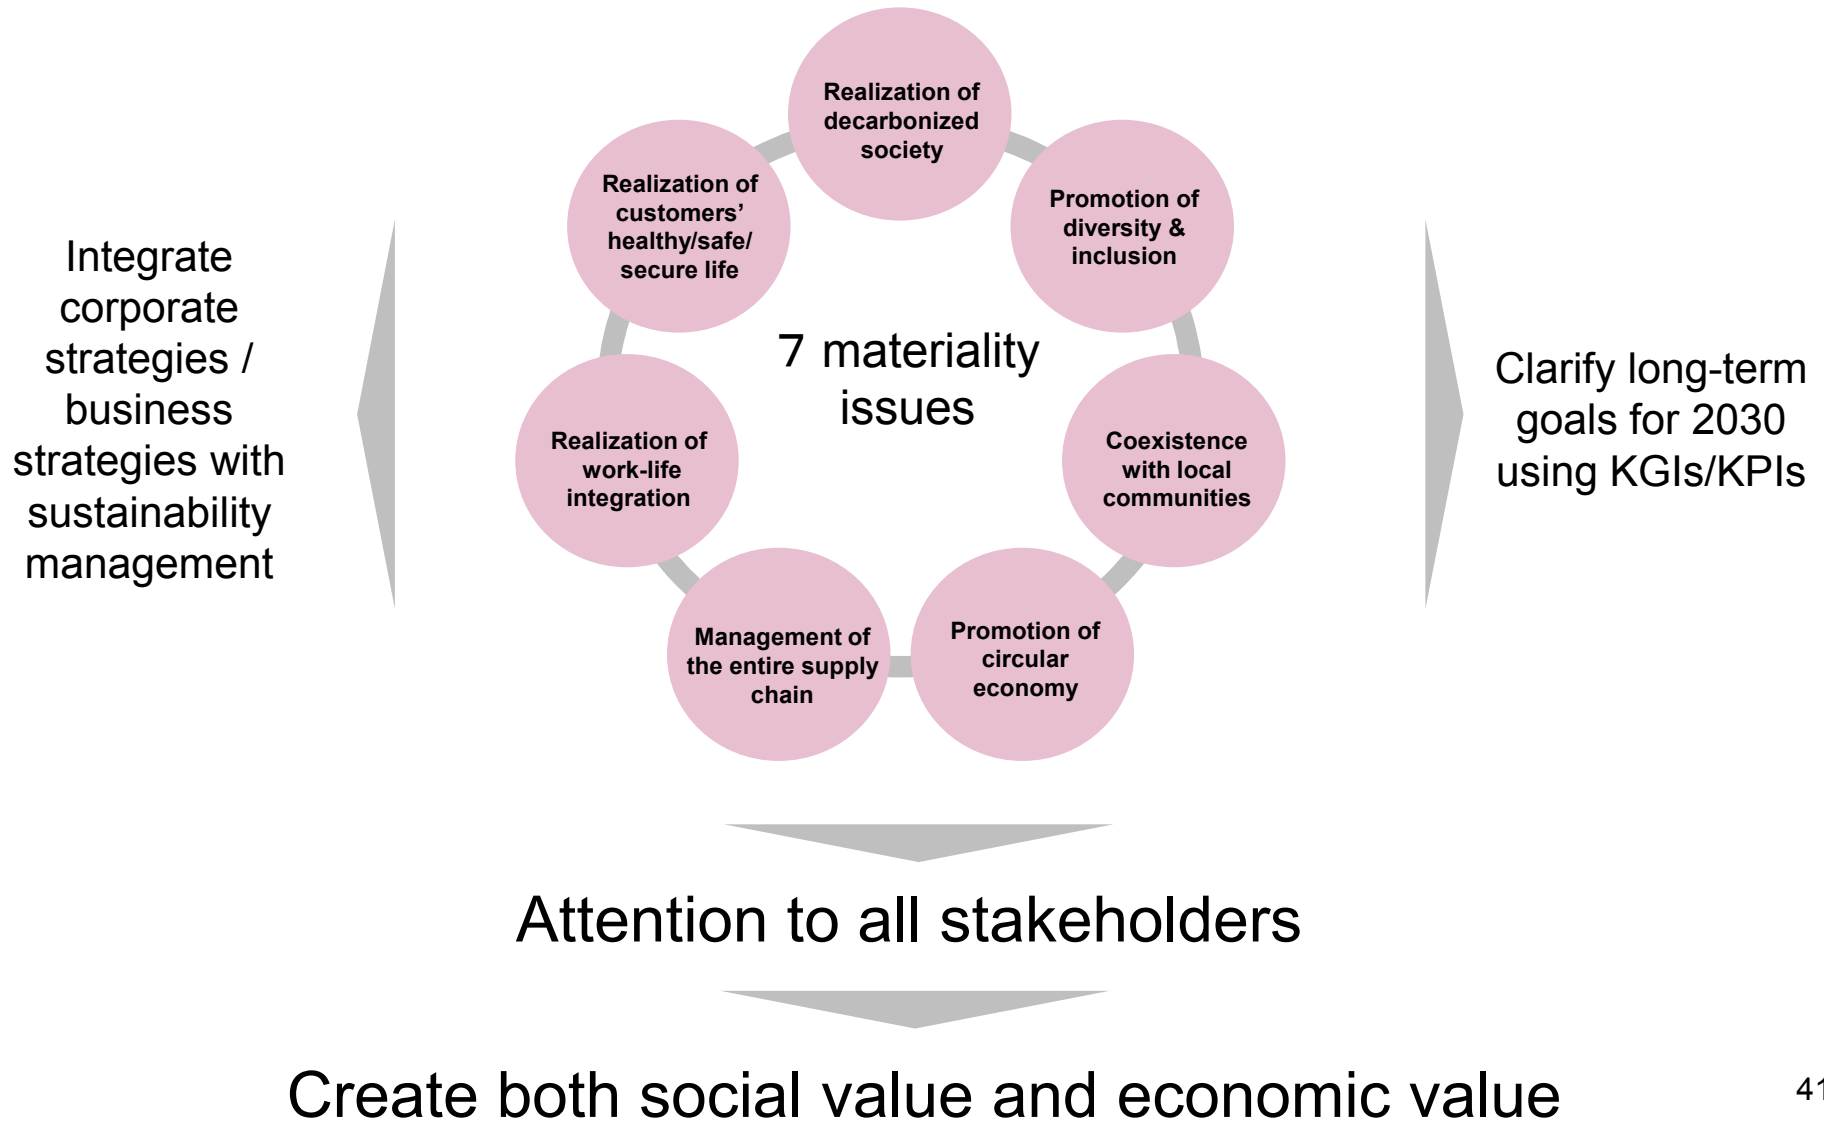

Reduce fixed costs ¥10.0 bn compared to FY2019

Expect to reduce ¥3.7 bn in FY2021

(Including cost, compared to 2019)
